

Passport | October 6-13 | 2017

Welcome to the inaugural craft beer week on Vancouver's North Shore! This year, we toast the North Shore's history in brewing and our bright future with a week of celebrations.

The North Shore has a rich history of craft brewing and was home to Canada's first ever microbrewery, Horseshoe Bay Brewery, in 1982. Now, we play host to six craft breweries leading the way in tasty brews.

Try special casks, attend fun events, and learn more about North Shore beers while collecting stamps on this passport to win great prizes!
